2011 Proposed Goals and Event Plans

Boston Chapter is currently planning 5 events for 2011; however, we expect additional events will be added as the year progresses.

Q1	Chapter Event	Systemic Risk
Q2	Multi-Chapter Event	Asset Managers Roundtable
	Global Event Series	Stress Testing
Q3	Chapter Event	Risk Education (PRM promotion)
Q4	Global Event Series	"Topic - To be Determined"

In addition to hosting these events (and likely additional events), Boston Chapter intends to reinvigorate efforts to develop relationships with local universities during 2011. These relationships could take a variety of forms, including establishing coordinated risk management training programs.
